Subject: SPCC Plan

(b) (6),

We can add any POL containers 55-gallons or more to our current SPCC Plan for 6 months before DHS has to create their own SPCC Plan (we would have to review). We would need a POC so we can access the site for photos, inventory and training. Training would include guidance on secondary containment, spill response and how to conduct monthly inspections on any tanks and generators as part of the PST program.

Please let me know if you have any questions.

Thank you.
